CONDOMINIO

a living project

Condominio, the archetype of modern residences, is the way chosen by Kristalia and Personal Spaces by MD House to imagine new living scenarios. A journey that showcases the concept of "total living" in a domestic and collective dimension that emphasizes personality, versatility of use, and functionality of furniture elements.

Il Condominio, archetipo residenziale moderno, è il modo che Kristalia e Personal Spaces by MD House hanno scelto per immaginare nuovi scenari dell'abitare. Un percorso che mostra il total living in una dimensione domestica e collettiva che enfatizza la personalità, la trasversalità d'uso e la funzionalità degli arredi.
