A new outdoors and infinite ways of experiencing it. /
Un nuevo exterior e infinitas maneras de vivirlo

Symbiotic harmony / Armonía simbiótica

Hundreds of habitats that tell of profound research. /
Cientos de hábitats que cuentan de investigaciones profundas.

Gerard p.46
Different possible compositions for every need of space and taste. /
Varias composiciones posibles para cada necesidad de espacio y gusto.

The keyword is research: this is the fil rouge that inspires the 2024 Outdoor collections.

Research, in materials - such as sintered stone or recycled materials - new, unprecedented materials that explore innovative technologies to interpret the most current trends of tastes that increasingly pursue a direction linked to naturalness and sustainability. And then search for styles. Outdoor 2024 is a tribute to the variety of ideas, inspirations, and creativity that give rise to different, always unique and special designs. The result is a vast variety of assortments and configurations that perfectly match the multifaceted soul of the outdoor space: large or small spaces, pool sides, terraces, porches, courtyards. Models that are often modular, modern and versatile. Finally, Outdoor 2024 is a common and shared quest for an ever more authentic relationship with the world outside. The colours that recall the earth, the textures of textiles that evoke its substances. Stems, barks, leaves. Sand, waves, mountain profiles. And then lines, signs, weaves and combinations: nature constantly evoked and redesigned in armchairs, sofas, tables and stools. /

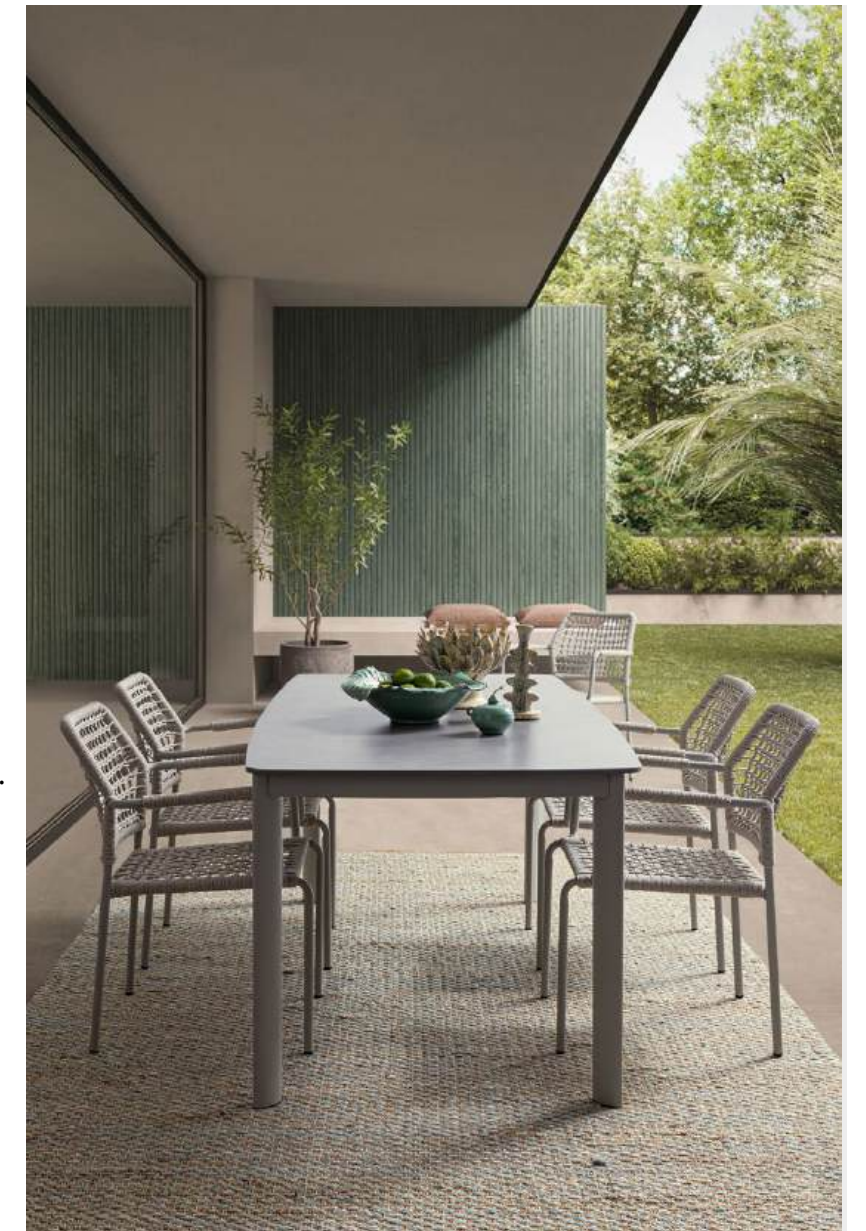

A wide and diversified proposal to meet
and interpret different furnishing needs. /
Una propuesta amplia y diversificada para
satisfacer e interpretar diferentes necesi-
dades de decoración.

Cameron

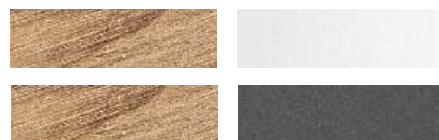

**Elegant simplicity. /
Esencialidad elegante.**

Essential and linear. From the table to the seating, Cameron furnishes with the personality of an elegant and exclusive sign, simple yet refined. The varnished aluminium structure is combined with sophisticated teak inserts that create a pleasant play of colour contrasts. The tabletop, which is also extendable, narrates the experience of modern, cosy and stylish conviviality. /

Esencial y lineal. Desde la mesa hasta los asientos, Cameron decora en manera elegante y exclusivo, sencillo pero refinado. La estructura de aluminio pintado se combina con sofisticadas inserciones de teca que dan vida a un agradable juego de contrastes cromáticos. El tablero, también extensible, cuenta la historia de una experiencia de convivencia moderna, agradable y elegante.

Belgada & Evora

**The earth's embrace. /
El abrazo de la tierra.**

Soft sinuosity. Belgada&Evora: characteristic earthy colours meet soft, curved lines that invite embrace, protection, welcome. An entirely 'green' structure made of teak wood sourced only from sustainable forests, generous dimensions, large, soft cushions. This is the world of Belgada&Evora: the private space and time for an absolute relaxation. / Sinuosidades suaves. Belgada&Evora: los colores característicos de la tierra se encuentran con las líneas suaves y curvas que invitan al abrazo, a la protección y a la acogida. Una estructura enteramente "green" hecha de madera de teca procedente únicamente de bosques sostenibles, dimensiones importantes, cojines grandes y suaves. Este es el mundo de Belgada&Evora: el espacio y el tiempo privado de absoluta relajación.

Open-air living. / Vida al aire abierto.

The ceiling becomes air, and a new living space is born again in the open air. It is the open sky of Konnor, Kiplin and Cruise: the design seeks symbiosis, a never intrusive presence, a harmonic and total fusion with the surrounding environment. In the colours proposed the warm earth tones and the clean aluminum create a versatile essentiality that adapts and integrates with any type of outdoor context. /

El techo se convierte en aire y renace un nuevo salón libre y abierto al cielo. Es el cielo abierto de Konnor, Kiplin y Cruise: el diseño busca la simbiosis, una presencia nunca intrusiva, una fusión armoniosa y total con el entorno que lo rodea. Los colores ofrecidos incluyen los cálidos tonos de la tierra, la limpieza del aluminio ofrece una esencialidad versátil que se adapta y se integra en cualquier tipo de contexto exterior.

Its design evokes the ambiance of distant, exotic places. It's the allure of rattan, a wood derived from palm trees, and kuba, a material crafted through a special process involving reed canes. In these woven patterns, bound together, there is something reminiscent of an ancient, artisanal craft. In the natural materials and colors lies all the vibrant energy of the outdoor world. /

Su diseño evoca la atmósfera de lugares lejanos y exóticos. Los trenzados del ratán, una madera derivada de las palmeras, y del kuba, un material derivado del procesamiento de la caña de junco, recuerdan fabricaciones antiguas y artesanales. **Clear naturalness. /
Naturalidad clara.**

The pleasure of being outdoors, extending time spent outside, in both summer and cooler seasons. This is expressed in the design of Cadice & Bolivar. Generous dimensions, substantial and enveloping structures: the light rattan, tightly woven, follows the entire profile, creating cozy nests of relaxation and privacy. A mood of great naturalness continues to be reflected in the recycled teak wood tables, featuring a natural rustic finish. /

El placer de estar al aire libre, de prolongar el tiempo afuera, tanto en verano como en las estaciones más frescas. Esto es lo que expresa el diseño de Cadice & Bolivar. Dimensiones generosas, estructuras importantes y envolventes: el ratán claro, finamente entrelazado sigue todo el perfil y crea nidos de relajación e intimidad. Un ambiente de gran naturalidad que continúa expresado por las mesas de centro en madera de teca reciclada, con un acabado rústico natural.

Technical features / Característica técnicas

Outdoor aluminium structures with a cover , manually adjustable sunshade blades. Depending on the inclination, it is possible to control the sunlight and the degree of natural ventilation of the environment below, thus adjusting the temperature.

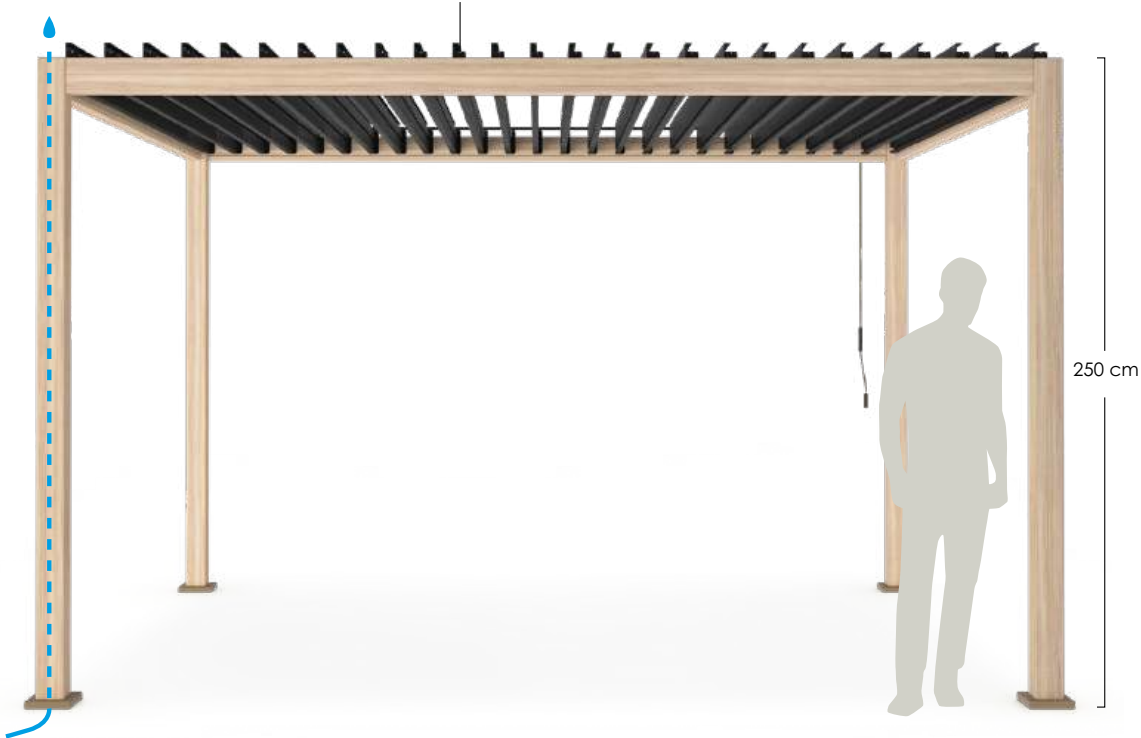

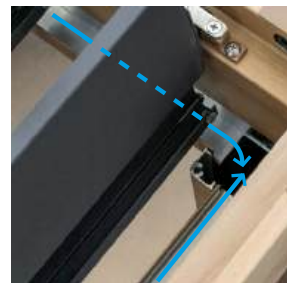

The aluminum structure is characterized by horizontal beams, perpendicular to the legs, which do not require inclination for rainwater drainage. The cover drains the meteoric water to the perimeter structure and the gutters adjacent to the perimeter bring water into the internal drain to the legs.

Available in 4 colour variants, Tyger® powder coating (polyester), a world leader since 1930, offers excellent colour holding performance, corrosion resistance, perfect coating adhesion, yellowing stability and prolonged gloss retention.

Estructuras de aluminio provistas de techo con lamas de protección solar regulables manualmente. Dependiendo de la inclinación, es posible controlar la luz solar y el grado de ventilación natural del ambiente subyacente, regulando así la temperatura.

La estructura de aluminio se caracteriza por tubos horizontales, perpendiculares a las patas, que no requieren inclinación para el drenaje del agua de lluvia. El techo drena el agua de lluvia hacia la estructura perimetral y las canaletas adyacentes al perímetro conducen el agua hacia el desagüe interno en las patas.

Disponible en 4 variantes de colores, el acabado ofrece excelente resistencia al sol, a la corrosión y a la retención prolongada del brillo gracias al recubrimiento en polvo Tyger® (poliéster), líder mundial desde 1930.
