CUSCINI

Lounge & ottoman *fixed & swivel*

@biggamedesign

Cuscini Lounge and family

With a big focus on comfort, the CUSCINI range is designed to provide an enveloping feeling. Its formal language plays with three cushions that are assembled together to convey a cosy and soft perception for a seat which is not only comfortable to use but also visually comforting.

Also available on Cuscini Lounge, swivel version.

RunOut

Runout embodies modern elegance and practical functionality in form of a well-known barstool silhouette. Its main design feature resembles a sturdy stool, yet the delicately hollowed-out frame elements, impart a light and elegant appearance. Now also available with upholstered "soft seat" and swivel version either.

@danielgermanidesigns

Ice

Ice is inspiring gallery objects that elevate occasional tables to a new level. The eye-catching hand-blown Murano glass tables are instant conversation starters and enhance any room.

Appia Soft and family

An homogeneous line, heterogeneous in its multipurpose solutions. Appia is essential, long-lasting, comfortable and ergonomic. A full recyclable die cast aluminium frame provides lightness and defines a robust as well as minimal design. Now also with a new upholstered seat & back "soft" version.
