"Colours. Materials. Technology. Between today's trends and timeless suggestions /
Colores. Materiales. Tecnologías. Entre tendencias actuales y fascinaciones para las
que no pasa el tiempo"

create, suggest, reinvent / crear, recomendar, reinventar

Habitats and configurations to guide and inspire purchasing decisions /
Hábitats y configuraciones para orientar e inspirar la compra

Modernity becomes enveloping and reassuring in Embrace Modernity, one of the trendiest styles. / La modernidad se convierte en acogedora y tranquilizadora en Embrace Modernity, uno de los estilos más de moda.

The colour, material and technology are the three great protagonists of the Garden Relax 2024 indoor and outdoor worlds. Colour: emotion, sensation, style that draws on the latest trends and in turn inspires and contaminates design, furniture and decor choices. The new Olive Green, Raspberry Red, Butter and Terracotta coexist with more classic and traditional shades. The material: the materials, their suggestions, the origin that is told in structures and veins. The treatments that enhance and characterise. The bush-hammered black glass, the recycled wood.

And finally, technology: which facilitates, assists and opens ~~transform possibilities of opening~~ and closing mechanisms: innovation brings the versatility that is increasingly demanded by contemporary needs.

The first section of the catalogue presents the products divided into seven styles: seven different atmospheres suggested and recreated by different colours, shapes and materials. Seven worlds that contain the inspirations of the most current trends or evoke others linked to more distant epochs in time, making it easy to identify the

mood felt closest to one's own idea of décor. In the second section the Best Family, the configurations that span the Garden Relax assortment, a habitat with an eclectic soul where you can find guidance and inspiration for your shopping choices. El color, la materia, la tecnología: son los tres grandes protagonistas de los elementos para interior y exterior de Garden Relax 2024. El color: emoción, sensación, estilo que se inspira en las últimas tendencias y a su vez inspira y contamina las elecciones de diseño, mobiliario y decoración. Los nuevos Verde oliva, Rojo Frambuesa, Mantequilla y Terracota conviven con tonos más clásicos y tradicionales. La materia: los materiales, su fascinación, el origen gracias a sus estructuras y las vetas que se pueden ver en ellos. Los tratamientos que resaltan y caracterizan. El cristal negro abujardado, la madera reciclada. Y, por último, la tecnología: que facilita, agiliza y abre a nuevas posibilidades. Mesas que se transforman, mecanismos de apertura y cierre simplificados: la innovación aporta esa versatilidad que vemos exigir cada vez más a las necesidades contemporáneas. La primera sección del catálogo presenta los productos divididos en siete estilos: siete ambientes diferentes sugeridos y recreados por distintos colores, formas y materiales. Siete mundos que contienen las inspiraciones de las tendencias más actuales o evocan otras vinculadas a épocas más lejanas, facilitando la identificación del ambiente, que se siente más cercano a la propia idea de mobiliario. En la segunda sección, las Best Family, o sea los mejores de la casa madre, encontramos las configuraciones que pueden verse en toda la gama de productos Bizzotto, un hábitat con alma ecléctica, donde encontrar orientación e inspiración para hacer sus compras.

A wide and diversified proposal to meet and interpret different furnishing needs. / Una propuesta amplia y diversificada para satisfacer e interpretar las diferentes necesidades de mobiliario.

0747302 **NASHIK** console / Consola NASHIK

BestFamily

We called them Best Family. They are families, members united by a bond of affinity. In Best Family, each style evolves into different products, in terms of structure, shapes and sizes, but remains in line and conveys the same aesthetic thread that expresses all the power of creativity. Sanat, Isar, Kindia, Nashik, Archie, Godric. Tables, stools, bedside tables. Sideboards and bookcases. They coexist in harmonious configurations of elements that enhance each other, blending in very naturally but at the same time maintaining their unique personality. Universes that transcend the confines of the single room of the home to move with versatility from room to room, creating a continuity of style and atmosphere. We present them to guide one's choice and offer inspiration towards new possibilities.

Les hemos llamado Best Family. Son familias, componentes unidos por un vínculo de afinidad. En Best Family cada estilo evoluciona hacia productos diferentes, en cuanto a estructura, formas y tamaños, pero permanece unido e impregnado por ese hilo estético que muestra todo el poder de la creatividad. Sanat, Isar, Kindia, Nashik, Archie, Godric. Mesas, taburetes, mesillas de noche. Aparadores y librerías. Coexisten en armoniosas configuraciones de elementos que se realzan mutuamente, mezclándose con gran naturalidad pero manteniendo al mismo tiempo intacta su personalidad única. Universos que trascienden los confines de cada ambiente del hogar para extenderse con versatilidad de una habitación a otra, creando una continuidad de estilo y atmósferas. Los presentamos para orientar la elección y estimular la inspiración hacia nuevas posibilidades.

MDF structure. Polyester coating with honeycomb effect. Padding density 30kg/m3. | Estructura de dm. Tapizado de poliéster con efecto panel de abeja. Densidad relleno 30kg/m3.

Nylon base ø71 cm. Nylon wheels. Seat padded with thick polyurethane foam 60kg/m3 and covered with 100% polyester mesh. Back in plastic (PP) with lumbar support covered in 100% polyester mesh. Equipped with a synchronous mechanism allowing synchronised movement between the seat and the backrest to be locked in the desired position (3 positions). Seat height and armrests adjustable. To be assembled. | Base de nailon ø71 cm. Ruedas de nailon. Asiento con relleno de espuma de poliuretano densidad 60kg/m3 y tapizado de tela de rejilla 100% poliéster. Respaldo de plástico (PP) con soporte lumbar y tapizado de tela de rejilla 100% poliéster. Equipado con un mecanismo sincronizado que permite el movimiento sincronizado entre asiento y respaldo y el bloqueo del respaldo en la posición deseada (3 posiciones). Altura del asiento y reposabrazos regulables. Para montar.
