Twiny

Decorative weaves

DESIGN
DWA Design Studio, 2024

EN — Twiny is a rugs collection for outdoor use that brings together classic weaving techniques with a more contemporary aesthetic.

The collection includes two different patterns, both in twill and defined by a discreet graphic sign, one striped and one diagonal. the rugs are distinguished by their double pattern and contrasting weave textures, which provide visual interest and structural depth.

IT — Twiny è una collezione di tappeti per outdoor che sposa tecniche di tessitura classiche con un'estetica più contemporanea.

La collezione comprende due diversi modelli, entrambi lavorati in twill e definiti da un segno grafico discreto: uno a righe e uno diagonale. I tappeti si distinguono per la loro doppia costruzione e i motivi di tessitura contrastanti, che conferiscono interesse visivo e profondità strutturale.

Caementum

The importance of the material

DESIGN
Marco Merendi & Diego Vencato, 2021

EN — Caementum is a monoblock concrete table specifically designed for outdoor use. Through the addition of carefully selected additives, this highly resistant material guarantees excellent technical performance, including ease of cleaning, greater resistance to mechanical stresses and weathering, and low permeability to liquids and stains. The surface of the base features the material's typical blowholes, while the top is completely smooth.

IT — Caementum è un tavolino monoblocco realizzato in cemento pensato specificatamente per l'outdoor. Un materiale resistente che, grazie all'aggiunta di additivi accuratamente selezionati, garantisce ottime prestazioni tecniche, tra cui una facile pulizia, una maggiore resistenza meccanica e agli agenti atmosferici, oltre che consentirgli di non assorbire liquidi e di non macchiarsi. La superficie della base è caratterizzata dalle soffiature tipiche del materiale mentre il ripiano è completamente liscio.

Diego

By my side

DESIGN

Jorge Pensì Design Studio, 2024

EN — Lightweight, agile and height-adjustable, Diego is a functional side table conceived to offer maximum flexibility and adaptability, improving comfort and ergonomics while working or relaxing. The base comes with four spokes, with the front two being asymmetrical to the rear ones, allowing the table to be positioned as close to the seating as possible.

IT — Leggero, maneggevole e regolabile in altezza, il tavolino Diego è progettato per rispondere a esigenze di flessibilità e adattabilità, assicurando comfort ed ergonomia dei momenti di lavoro e relax. La base è caratterizzata da quattro razze, con le due anteriori asimmetriche rispetto a quelle posteriori per permettere di avvicinare il più possibile il tavolino alla seduta.

Parenthesis

Instant classic

DESIGN
Marco Pocci - Claudio Dondoli, 2014

EN — Being a day container, a coffee table and a bedside table, Parenthesis is a versatile and multipurpose piece of furniture suitable to be used in different contexts. Two curved side elements that come together to create a geometric structure.

IT — Contenitore a giorno o comodo piano, coffee table o comodino, Parenthesis è un elemento d'arredo versatile adatto a diversi contesti e soluzioni d'uso. Due parentesi tonde che si combinano assumendo la forma di elementi geometrici.

Blume System

Flower silhouette

DESIGN

Sebastian Herkner, 2022

EN — Blume System is a furnishings that echoes the sophisticated flower-shaped profile in extruded aluminium of the collection with the same name. Available in several sizes, the modules create a variety of configurations. The structure on which the shelves rest is made of steel and is fastened together by means of aluminium castings, with no visible screws.

IT — Blume System è un insieme di complementi d'arredo che riprende il sofisticato profilo in estruso di alluminio della collezione dalla caratteristica silhouette a forma di fiore. I moduli, disponibili in diverse dimensioni, possono dare vita ad una molteplicità di configurazioni. La struttura su cui appoggiano le mensole è realizzata in acciaio ed è fissata attraverso fusioni di alluminio senza viti a vista.

Buddyhub sideboard

Friendly spirit

DESIGN

Busetti Garuti Redaelli, 2024

EN — Buddyhub Sideboard is a versatile piece of furniture providing storage capacity while serving as space divider, both visually and acoustically. It features a sound-absorbing panel that embraces a sideboard featuring an HPL top and three solid laminate doors in the same finish. Thanks to its versatility, it adapts to various needs and environments, such as coffee corners or meeting rooms.

IT — Buddyhub Sideboard è un arredo trasversale che unisce la funzione di contenere a quella di separare gli ambienti, sia visivamente che acusticamente. È caratterizzato da un pannello fonoassorbente perimetrale che abbraccia un mobile contenitore caratterizzato da un ripiano in stratificato con tre ante in laminato. Grazie alla sua versatilità, si adatta a diverse esigenze e ambienti, come la zona dedicata alla pausa caffè o all'interno delle sale riunioni.

Ypsilon Connect

Multifunctional panel

DESIGN

Jorge Pensi Design Studio, 2020

EN — Ypsilon Connect is an elegant and functional self-supporting, sound absorbing partition panel characterised by sound absorbing panels that are shaped around a structure formed by two die-cast aluminium bases and extruded aluminium columns.

One of the greatest strengths of this product lies in its extensive customisation possibilities thanks to which users can create ever new layouts, manage their spaces more effectively and create welcoming office spaces or functional training and meeting rooms.

IT — Ypsilon Connect è un elegante e funzionale pannello divisorio fonoassorbente autoportante che si caratterizza per la presenza di pannelli fonoassorbenti sostenuti da una struttura formata da due basi in pressofusione di alluminio e colonne in estruso di alluminio. Punto di forza di questo prodotto è il massimo grado di personalizzazione che offre, definendo abilmente nuovi layout, gestendo gli spazi e riadattando gli uffici a situazioni di formazione aziendale o meeting room.

Boxie

Storage in motion

DESIGN

Claudio Dondoli - Marco Pocci, 2018

EN — With its minimal, essential lines, Boxie is remarkable for its lightness, ensured by a steel structure containing drawers, alternated with tops, both made of polypropylene. Designed to be configured differently according to the selected combination of its elements, the rounded corners and the visible frame are strong points that can be appreciated from any side of Boxie.

IT — Boxie è un sistema contenitore dai tratti essenziali e minimali che si contraddistingue per la sua leggerezza garantita da una struttura in acciaio all'interno della quale vengono collocati cassetti alternati a piani, entrambi realizzati in polipropilene.

Pensata per assumere conformazioni diverse in base alla combinazione dei suoi elementi, la rotondità degli angoli e la struttura a vista sono punti di forza apprezzabili da ogni lato di Boxie.

Toa Folding Screen

A table divider

DESIGN
Robin Rizzini, 2020

EN — Toa Folding Screen is a sound absorbing desktop panel that separates and defines spaces. Designed to meet the mobility and layout requirements of modern work spaces. The inner metal structure is upholstered in fabric with a zip that makes it easy to remove, clean and maintain. It's also the perfect solution for home working spacial arrangements. Given that it is extremely lightweight, the screen can be folded with ease and moved from one place to another.

IT — Toa Folding Screen è un pannello divisorio fonoassorbente da tavolo in grado di definire e separare lo spazio. È pensato per rispondere alle esigenze di mobilità e configurabilità dei moderni working spaces.

Una struttura di metallo rivestita in tessuto che, grazie alla presenza di una zip posta nella parte inferiore dello screen, è sfoderabile, facile da pulire e mantenere. In caso di smart working risulta inoltre uno strumento ottimale per ritagliarsi uno spazio all'interno del proprio contesto domestico. È pieghevole e leggero e può essere facilmente spostato da un luogo all'altro.

Snooze

Sound wellness

DESIGN
Marcello Ziliani, 2016

EN — Snooze is a sound absorbing panel conceived to enhance comfort and improve the acoustic quality in office or public space. With a shape recalling the sound diffusers, it is composed by a core of thermoformed polyester fiber in variable densities and thicknesses with a central metal element that beside being a graphic sign allows an easy assembly and disassembly. It can be arranged on walls and ceilings in linear compositions or groups.

IT — Snooze è un pannello fonoassorbente creato per rendere più accogliente e migliorare la qualità acustica di uffici e spazi pubblici. Con una forma che ricorda i diffusori acustici, è costituito da un'anima in fibra di poliestere termoformato di densità e spessore variabili con al centro un elemento metallico che, oltre ad essere un segno grafico, ne permette una facile installazione e disassemblaggio. Si può disporre su pareti e su soffitti con composizioni lineari o a gruppi.

Ray

Natural gesture

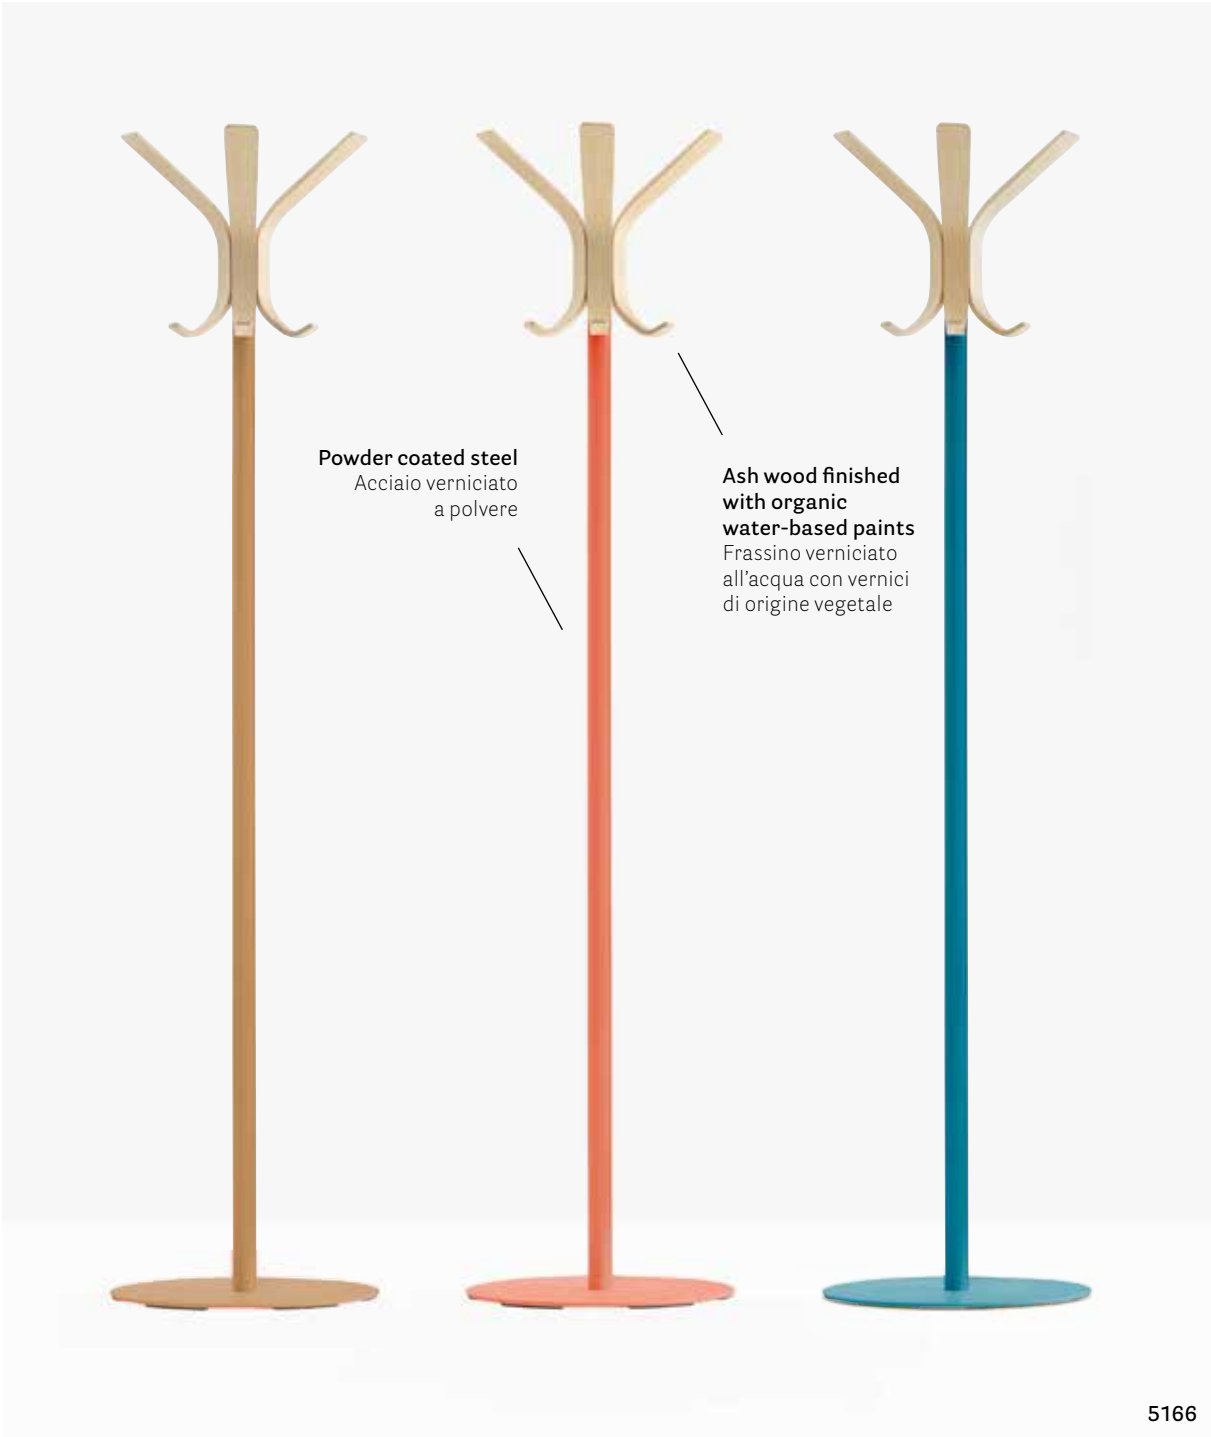

DESIGN
Pio e Tito Toso, 2018

EN — Ray is a freestanding coat stand that masterfully combines flowing lines, accentuating the beauty of the ash wood, with the functionality of an indispensable everyday object for a variety of interior spaces.

IT — Ray è un appendiabiti da terra, capace di sintetizzare in maniera ottimale una forma fluida, in grado di mettere in risalto la bellezza del frassino, e la funzionalità propria di un oggetto di uso quotidiano indispensabile all'interno di contesti diversi.

dettagli che permettono
di decorare una parete”

Flag

Hang up your ideas

DESIGN
Pio e Tito Toso, 2014

EN — Flag is a collection of coat stands and wall coat hangers that are the result of the synthesis between form and function. The base and column are made of powder coated steel, while the hooks are made of polypropylene charged with fiberglass. Flag can adapt to various contexts: public spaces, offices as well as domestic environments.

IT — Flag è una collezione di appendiabiti frutto della sintesi di forma e funzione. La base e la colonna sono in acciaio verniciato, mentre i ganci sono realizzati in polipropilene caricato fibra di vetro. Flag si adatta a molteplici contesti: dagli spazi pubblici, agli uffici, agli ambienti domestici.

Kado

We love green spaces

DESIGN
Pedrali R&D, 2010

EN — A seat that turns into a vase. A vase that is also a luminous object.
A versatile and modern space divider. Made of polyethylene,
Kado is characterised by a minimalist design.
Shock resistant and weatherproof, non-toxic and fully recyclable.
IT — Una seduta che diventa vaso. Un vaso che è anche oggetto luminoso.
Uno space divider versatile e moderno. Realizzato in polietilene,
Kado è caratterizzato da linee geometriche essenziali. Resistente agli urti
e agli agenti atmosferici, è atossico e completamente riciclabile.

Wow

Compact versatility

DESIGN

Claudio Dondoli - Marco Pocci, 2007

EN — A sense of wonder springs to our mind on seeing the versatility of these poufs in plastic material and upholstered, which can be even converted in handy storage poufs.

IT — Un'esclamazione di meraviglia sorge spontanea di fronte alla versatilità di questi pouf-sgabelli in materiale plastico e imbottito, che possono anche trasformarsi in pratici contenitori.

Oblique

Convergent balance

DESIGN

Pedrali R&D, 2016

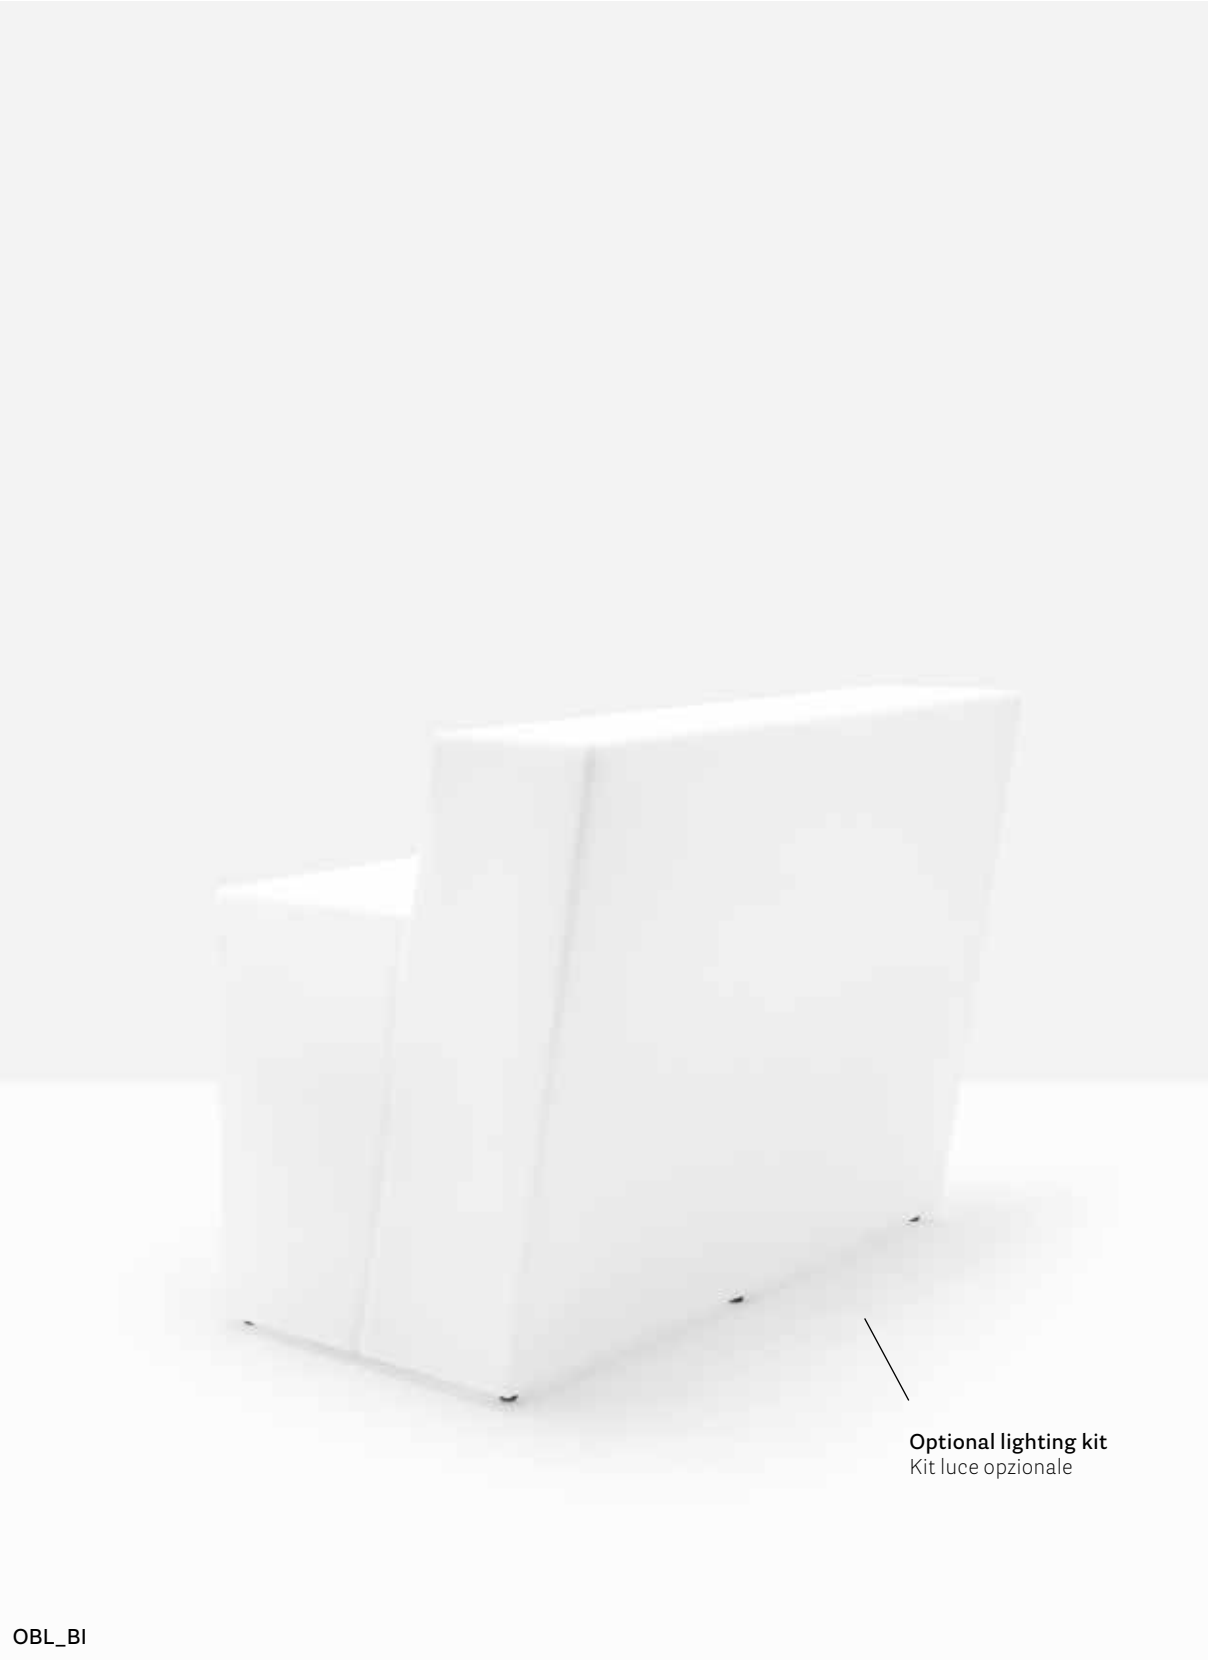

EN — A modular polyethylene bar counter, with sharp and converging lines, that features an oblique front side allowing the user to approach. Consisting of linear and corner units both available white or anthracite grey, Oblique is supplied with adjustable feet to ensure a perfect horizontal alignment.

IT — Un bancone modulare in polietilene dalle linee decise e convergenti, che si presenta obliquo nella parte frontale per agevolare l'avvicinamento dell'utente. Composto da moduli lineari e angolari di colore bianco opalino o grigio antracite, Oblique è provvisto di piedini regolabili per garantire un perfetto allineamento orizzontale.

Tetris

Glamorous cocktail

DESIGN

Marco Pocci - Claudio Dondoli, 2010

EN — A modular bar counter in white polyethylene.

Designed to be used both indoors and outdoors, Tetris is a shock resistant, low-maintenance and weatherproof product. It can be equipped with a worktop in brushed stainless steel. Thanks to the translucent colour of the polyethylene, there is a luminous version of the counter that makes it a scenic element.

IT — Un banco bar modulare realizzato in polietilene bianco.

Pensato per essere collocato sia in ambienti indoor sia outdoor, Tetris è resistente agli urti e agli agenti atmosferici ed è di facile manutenzione. Può essere fornito di un piano di lavoro e di un servizio in acciaio inox satinato. È disponibile anche una versione luminosa che, grazie al colore neutro del polietilene, rende questo bancone un elemento scenografico.

Iceberg

Icy design

DESIGN

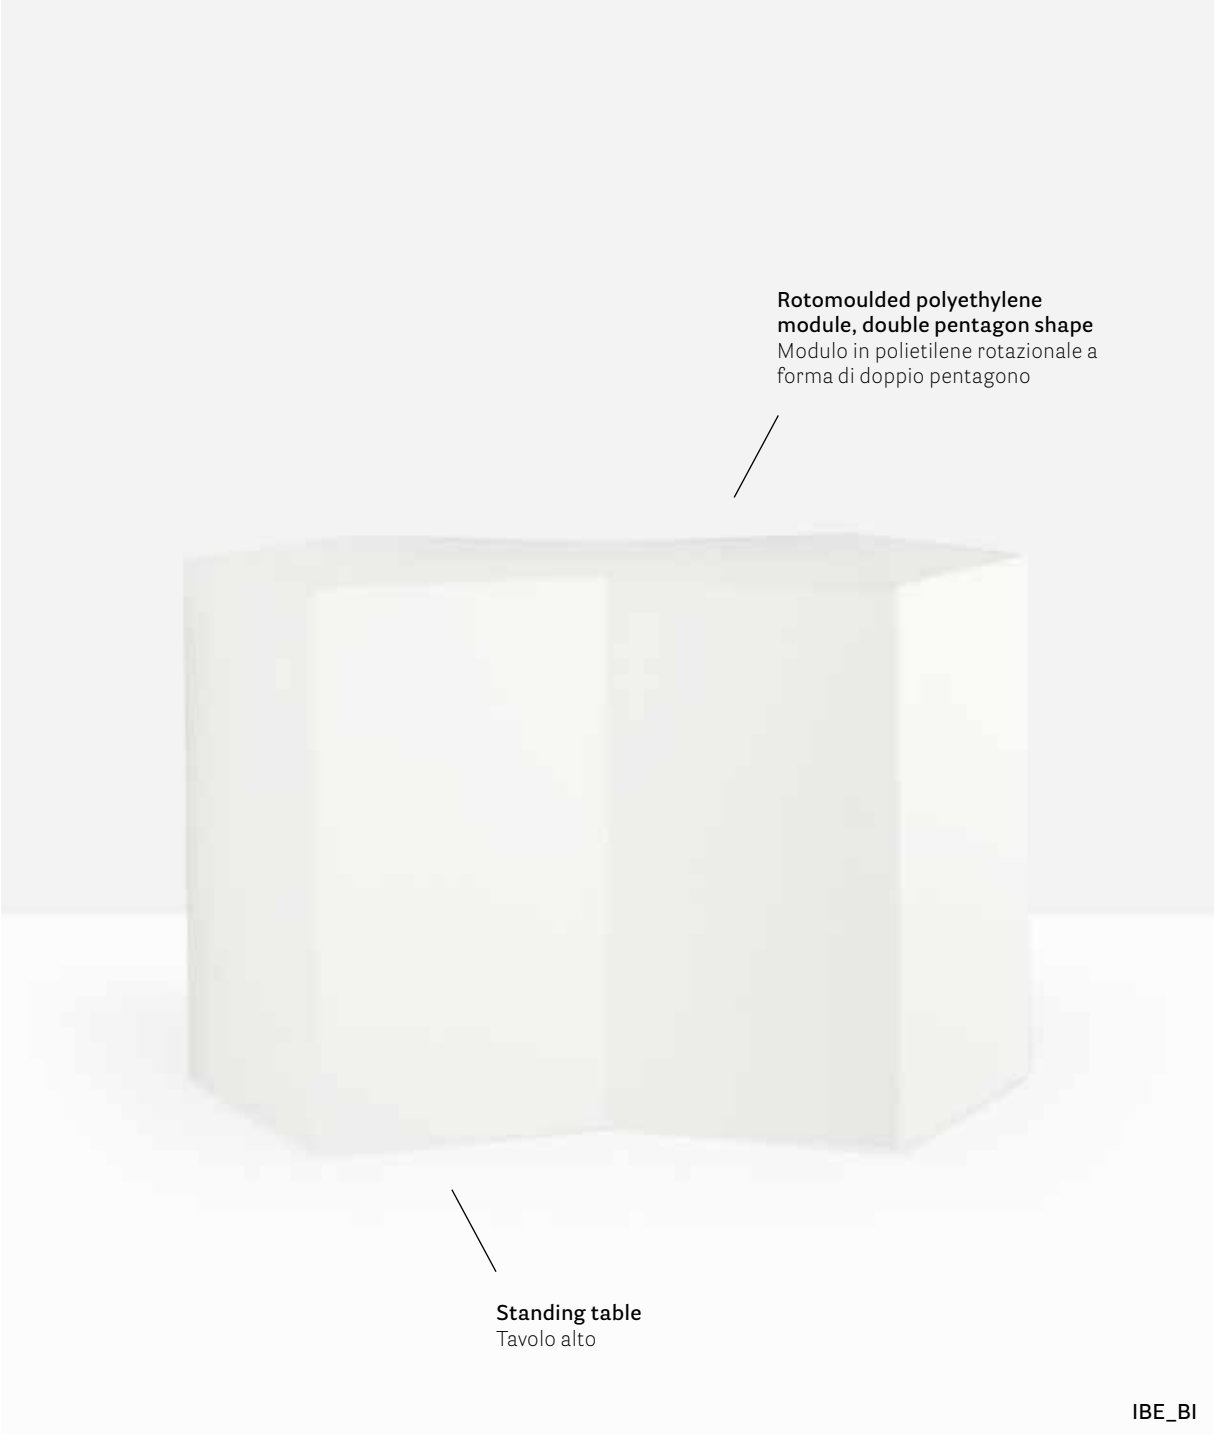

Marco Pocci - Claudio Dondoli, 2011

EN — Shaped like a block of ice, this modular bar counter is the heart of a convivial environment like a bar by a pool, a beach or a garden. Made in high-density rotomoulded polyethylene, the modules of the Iceberg can be combined to create highly suggestive luminous compositions.

IT — Un banco bar modulare che assume la forma di un blocco di ghiaccio diventa il fulcro di aggregazione in contesti conviviali quali bar all'aperto a bordo piscina, in spiaggia o in giardino. Realizzati in polietilene ad alta densità stampati in rotomoulding, i moduli di Iceberg sono atti a dare vita a composizioni luminose di grande suggestione.
