AQUA COLLECTION

Le collezioni Aqua e Landscapes nascono nel 2002 da un progetto all'epoca completamente inedito e rappresentano anche oggi una proposta unica per la singolarità dei prodotti tessili e delle finiture sviluppate negli anni. I materiali sono da sempre selezionati per essere longevi e riciclabili. I tessuti di rivestimento sono studiati e realizzati in esclusiva da Paola Lenti con filati tecnici dalle elevate prestazioni e sono disponibili in una vastissima gamma di colori. Materiali e tessuti diventano parte integrante del prodotto; sono utilizzati per sedute, ombrelloni e strutture più complesse, vere architetture per l'esterno, concepite per contenere o proteggere dagli agenti atmosferici gli ambienti creati.

Aqua and Landscapes collections originate from an unprecedented project started in 2002 and represent, even today, a unique proposal for the singularity of the textiles and finishings introduced over the years. Materials are always selected for their endurance and recyclability. Upholstery fabrics are designed and produced exclusively by Paola Lenti with high performing yarns in a wide range of colours. Materials and fabrics become an integrating part of the product: they are used on seating, sunshades, and more complex structures, true architectures for the outdoors, conceived to contain and protect from the elements the created environments.

HOME COLLECTION

I prodotti della collezione Home fanno parte di un progetto d'insieme nel quale design e architettura dialogano in armonia. Frutto di un costante lavoro di ricerca e di sintesi fra estetica e funzionalità, le sedute, i contenitori, i tavoli e i pannelli componibili Build sono realizzati con materiali che Paola Lenti ha reso esclusivi, modificandone l'aspetto convenzionale e dando loro nuovo carattere. I prodotti per interno sono coordinati nei colori e nei materiali con i tappeti delle collezioni Paola Lenti e permettono di definire ambienti ricchi di stratificazioni e di espressioni della propria personalità.

The products in the Home collection are part of an overall project where design and architecture dialogue with each other in harmony. Seating, cabinets, tables and Build panels are the result of an ongoing research and synthesis between aesthetic and functionality; they are made of materials that Paola Lenti has fashioned into exclusive products by changing their conventional appearance and enhancing them with a new character. Indoor products are coordinated with Paola Lenti rugs through colours and materials and allow for the creation of tailored spaces, full of stratifications and marks of one's own personality.
