Il Cuoio Toscano non teme di mostrare i segni lasciati dal tempo che lo rendono un prodotto unico.

È un materiale ricavato dalla pelle di animali che hanno subito un processo denominato "concia al vegetale" con tannini naturali e con l'ausilio di prodotti biologicamente compatibili sia per la tintura in botte che per la rifinitura.

Eventuali imperfezioni, segni, cicatrici, macchie della superficie del Cuoio Toscano sono una naturale caratteristica dello stesso che ne garantisce l'originalità.

Tuscan Hide does not fear to get aged since the oldest it gets the more unique it becomes.

It is a material deriving from animal's leather which suffer a process called "vegetable tanning" with natural tannins and with the help of some products biologically compatible whether for the dyeing or for the finishing.

Any possible imperfection, sign, scar, stain of the Tuscan hide surface are a natural characteristics which guarantees its originality.
